

Please mark the category in which your project best fits.  
(Note, depending on the number of entries, some categories may be combined.)

- Behavioral and Social Science
- Biology (Environmental, Medicine and Health, Plants, Microbiology, Animals, Cells, etc.)
- Chemistry and Physics (Including Biochemistry)
- General Science (including Earth Science, Electrical and Mechanical Engineering, Materials Science)
- Research Results (no experiment, this category is for the presentation of research)

**Please initial next to each statement below.**

\_\_\_\_\_ I understand that for a virtual Science Fair, I/we will video record the presentation and submit it for judging.

\_\_\_\_\_ I understand that I/we are not required to make a trifold board for the Virtual Science Fair, I/we may choose to record your presentation as a Google Slide show OR Powerpoint, Zoom, or ScreenCastify.

\_\_\_\_\_ I understand that if my/our project is selected to move on to the Piedmont Region Science Fair in March 2022, I/we may need to make changes to the project or to its presentation.

Teacher, what feedback do you have for the student?

\_\_\_\_\_ Teacher Approves?

Note to Teacher: Please share the feedback with the student(s), but retain this form for your records. You will need to complete the official registration of your students by November 1, 2021.
